How to join ProtectUK

Dear Partner,

Thank you for your attendance at our recent engagement session.

We are asking organisations such as yours to support the UK counter terrorism security effort by joining the ProtectUK eco-system.

There are three core calls to action we would like you to consider that will enhance the protective security knowledge and awareness across your workforce. These are;

1. Sign up to the new ProtectUK Platform for advice, guidance, webinars and forums

Register here:
https://matomo.protectuk.police.uk/78ce46

2. Download the ProtectUK App via Apple Store or Google Play for Action Cards and News Updates

Apple   Google

And:

https://apps.apple.com/gb/app/protectuk/id1577233526

https://play.google.com/store/apps/details?id=com.protectuk.app&hl=en_GB&gl=US

If your organisation has managed devices (i.e. company issued mobiles or tablets) – consider an automatic roll-out solution. You can find further details by contacting CT@HighfieldELearning.com requesting 'Enterprise' options.

3. Complete Action Counters Terrorism e-Learning

After registering with ProtectUK, complete the award winning ACT e-Learning Course.

Access here: https://matomo.protectuk.police.uk/24cca5

Similarly to the App, if you wish to deploy the ACT e-Learning Course to your internal Learning Management System (LMS) please contact: CT@HighfieldELearning.com requesting a 'SCORM package'.

Thank you for your continued efforts and support,

The ProtectUK Team
